## SPECIAL EVENTS

The studio offers special events throughout the year, including Easter/Spring, the Santa Experience, and other events. Special packages are available for these events.

Session fees are due when the portrait appointment is scheduled and cover the time and talent of the photographer. All products, portraits, or digital images are purchased separately from the session fee. Session fees are non-refundable, unless rescheduled or canceled 24 hours prior to the appointment.

# Timeline <sup>2</sup> THE SESSION

## <sup>1</sup> THE BOOKING

First, book your photo session with us. The session fee is payable up front to reserve your session date and time. We will be glad to meet with you in person prior to the session to assist you with planning for your session, or we can do a consultation over the phone.

On the day of the session, please arrive at the studio between 5-10 minutes prior to your appointment time. This can help younger children get familiar with a new area. We sometimes schedule sessions back to back during busy seasons, so getting to the studio too early may make you have to wait until your scheduled time. Be sure to bring any props and changes of clothes necessary. If you have an outside session scheduled, we will keep check on the weather and reschedule if necessary.

## <sup>3</sup> THE PREMIERE

Approximately one week after the session, we'll have your premiere. This is where you'll be able to see your images and choose and pay for what you want to display on your walls and in your home. The premiere is held in our studio, using our large screen projection system.

We also offer an on-line proofing option. We find that the in-person viewing helps tremendously for you to view and decide on images, as well as see sample of products and prints. However, if on-line proofing works better with your schedule, this is a second option for ordering your images.

## <sup>4</sup> THE DELIVERY

In 3-4 weeks we'll call and notify you that your art is ready. You can choose to come pick it up or have it shipped. (Please note, the studio will not ship large wall portraits or framed prints. These must be picked up.) If you chose a digital collection, you will receive an email to download your images 2-3 weeks after you order.

## Albums & Books

Many of our clients decide to purchase an album. After choosing their wall art, there are always more photos than wall space. A fine art, hand-crafted album is the perfect way to preserve every single photo you love from the shoot.

## Small Print Set

Image boxes offer a unique way to display your images and a stylish method of preserving them. Whether you choose thick double-sided 5x7 prints, or standard 4x6 proofs, this is a great way to show off your images!

## Cards

Our professionally printed cards are thick and luxurious, printed with professional papers you just can't find anywhere else. We design birth announcements, senior graduation cards, thank you notes, Christmas cards, and others.

## Table-Top Displays

Our unique product offerings include options different than standard framed prints. Curved metal prints, statuettes, acrylics, cubes, and shelves are great ways to display portraits at your home, office, or for gifts for other family

## Wall Portraits

Wall portraits are the centerpiece of our photography. Every single morning as you walk through your house, we want you to see the very essence of your family. Our custom wall art allows you to enjoy what you love most about your family every single day.

There are many options for wall art. Our most luxurious wall portrait is the Heritage painting, where an artist digitally brush strokes the entire image to create a stunning Painter Portrait. The images is then printed directly to canvas through a Fine Art Giclee serie, and finished with contour brush strokes and oil enhancement.

We offer custom framing to complete your portrait, so your wall portrait is ready to hang in your home.

Many clients would like to display multiple images, and our wall art portrait displays allow you to do that! Whether you want a framed storyboard, canvas clusters, or wood blocks, we offer great options to hang multiple images in a smaller size, in an eye-catching display.
